SECTION 1

Agreement

VUMI® Group, I.I. (VUMI®), hereinafter the “Company” or the “Insurer,” issues a Policy in the name of the Policyholder and undertakes to pay to the Policyholder of the corresponding Certificate of Coverage as a member of the Policy, the benefits detailed in this Policy related to the covered expenses incurred by him/her or his/her eligible Dependents under his/her certificate, as a result of any treatment, service or medical supply anywhere in the world where the plan offers coverage, after the Effective Date of this Policy, while it is in effect.

All benefits are subject to the terms and general and particular conditions of this Policy, including the applicable co-pays, maximum benefits and the limits detailed in the Table of Benefits and the Certificate of Coverage which are an integral part thereof.

1.1 RIGHT TO EXAMINE THE POLICY

The Policyholder understands that this Policy is an international health insurance plan that is not subject to regulations and/or mandatory coverage required by the laws of his/her Country of Residence or other, therefore, it may not comply with coverage, underwriting, and other insurance regulatory provisions of the Insured’s Country of Residence. This insurance Policy is not subject to and does not provide certain benefits required by the United States Patient Protection and Affordable Care Act (PPACA). The Policyholder must review the terms of the coverage to verify he/she is in agreement with the coverage offered, and otherwise request the cancellation of this Policy and return it to the Company within a fifteen (15)-day period after receiving it. If during that period no claims have been made, the Company will reimburse the total premium paid and the Policy will be null and void, as if it was never issued.

Reimbursement of the unearned premium

If the Policyholder cancels the Policy after the fifteen (15)-day reviewing period, or after being reinstated or renewed, the Company will reimburse the unearned portion of the premium up to a maximum of sixty-five percent (65%) of the total

amount of the premium. The administrative fees and a thirty-five percent (35%) retention by the Company will not be reimbursed. In case of rescission of the Policy, the Company will apply the premium received to any payment made for a claim against the Policy.

1.2 IMPORTANT NOTICE ABOUT THE APPLICATION FOR A GROUP POLICY

This Policy is issued based on the statements provided in good faith by the Policyholder and the complete payment of the corresponding premium. The Company reserves the right to accept or reject any Application.

If any of the information disclosed in the Application is false, incorrect, incomplete, had the intent of misleading or deceiving, or was omitted, resulting in worsening the risk, the Policy will be rescinded, will have no effect, and the Company will not be responsible for any payments of the benefits offered under this Policy, releasing the Company of any responsibility for the payment of benefits stipulated hereunder, as the case may be.

Likewise, it is understood that it will result in the same aforementioned effect if a Provider or any other individual or entity who has rendered medical services to the Policyholder or any of the Insureds, should submit false statements in collusion with the Policyholder and/or any of the Insureds with the purpose of claiming payments against this Policy, its sections and/or Amendments, the Policy would be at the discretion of the Company, rescinded or cancelled, will have no effect and the Company will not be responsible for any payments of the benefits offered under this Policy.

Any payments made unduly by the Company as a result of an omission, incorrect disclosure or negligence by the Policyholder, any Insured, or due to an administrative error of the Company, shall be reimbursed to the Company at the first request.

SECTION 2

Coverage duration

The coverage has a duration period of twelve (12) months and could be renewed for the same period of time, as long as the Policyholder fulfills his/her payment commitment of the established premium, subject to the Applicants meeting the eligibility requirements, and subject to the terms, conditions and other provisions of the Policy that are in effect at the time of renewal.

Start of coverage

The coverage starts one (1) minute after midnight (00:01) Eastern Standard Time on the Effective Date of this Policy, and ends at midnight (00:00) three hundred and sixty-five (365) days later.

SECTION 3

Eligibility

3.1 ELIGIBILITY REQUIREMENTS

This Policy provides coverage to the Policyholder and his/her eligible Dependents: Spouse, Domestic Partner, biological children, legally adopted children, stepchildren or minors under the age of eighteen (18) for whom the Policyholder has been designated as legal guardian, as long as the following requirements are met at the time of the application:

A. Reside in a country other than the United States of America (USA);

B. The Policyholder and his/her Spouse or Domestic Partner must be at least eighteen (18) years old and up to sixty-four (64) years old, except for minors authorized by one of their parents or a legal guardian;

C. Dependent children are eligible up to:

  a. Nineteen (19) years old if they are single; or
  b. Twenty-four (24) years old if they are single and full-time students.

D. Pay the corresponding premium

3.2 EFFECTIVE COVERAGE FOR ELIGIBLE DEPENDENTS OF THE POLICYHOLDER (MEMBER)

Coverage is available for the Policyholder's Dependent children until the day before they turn nineteen (19) years old if they are single, or until the day before they turn twenty-four (24) if they are single and full-time students at an accredited college or university at the time the Policy is issued or renewed.

The Company reserves the right to request, at any moment during the term of the Policy, a student certification issued by a representative of the university. Additionally, there will be an adjustment of the premiums if any of the Dependents remains outside his/her Country of Residence for a period of more than one hundred and eighty-three (183) days during a calendar year.

If a Dependent child gets married, or ceases to be a full-time student, or if a Dependent Spouse is no longer married to the Policyholder due to divorce or annulment of the marriage, coverage for such Dependents will end on the Expiration Date of the Policy following the corresponding event.

3.3 ADDITION OF A NEWBORN

To include a Newborn as an Insured Dependent in the Policy, the Company must receive a copy of the birth certificate within the first ninety (90) days of the birth.

If the Newborn is not enrolled within the ninety (90)-day period, an insurance Application will have to be completed. The Insurer reserves the right to request additional information and/ or modify the conditions of coverage of the Applicant.

Newborns from a non-covered maternity or those resulting from fertility treatment do not qualify for automatic inclusion or coverage continuity. Therefore, a Request

must be completed, and it will undergo by full medical underwriting.

SECTION 4

General information

4.1 ISSUANCE OF THE POLICY

The Policy is deemed solicited, issued and delivered when the Policyholder receives his/her Certificate of Coverage.

The Company does not solicit, sell, or accept Applications for any insurance policies to be delivered or issued to any person in any state of the United States.

The Policy, Add-ons and payment receipts may be sent to the e-mail address registered with the Company, unless the Policyholder or his/her registered Agent selected another option in the Application or requested it later from the Company.

Any translations of this Policy into other languages are provided as a courtesy for the Insured's convenience. However, the English version will prevail and will be the controlling contract in case of any doubt or dispute regarding any provision of this Policy. The Policyholder may request a copy of their Policy documents directly from the Company at any time.

4.2 AUTHORITY

No Agent or agency has the authority to change the Policy or exonerate any of its provisions. After being issued, no change in the Policy will be valid, unless there is written approval by an authorized official of the Insurer and such approval is endorsed by an Amendment to the Policy. Any errors in the documents that constitute the contract does not bind the Insurer and may be corrected once detected, through an Amendment to the Certificate of Coverage.

4.3 ADMINISTRATIVE ERRORS

Any clerical error of the Company will not deny coverage that should have been approved and will not extend coverage that should have been terminated. The Company will amend the error and this action could entail, among other measures, the adjustment of the corresponding premium and, if necessary, the request for reimbursement of the amounts paid in error.

4.4 ENTIRE CONTRACT

Once the premium has been paid on its due date, the following documents constitute the complete contract between the parties: the insurance Application, the Policy Document, the Certificate of Coverage and Add-ons or Amendments, if any.

4.5 CURRENCY

All currency values shown in this Policy are in U.S. Dollars.

4.6 COVERAGE START

Subject to the provisions of this Policy, benefits begin on the Effective Date of the coverage, as indicated in each Certificate of Coverage.

4.7 DELIVERY OF MEDICAL INFORMATION TO THE REGISTERED AGENT

The Policyholder, by accepting the coverage that this plan offers, expressly states that all Insureds in the Policy understand and accept that the registered Agent may access all confidential and private medical information (past, present and future) submitted to the Insurer, any of its affiliates or subcontractors, as well as the private medical information issued by the Insurer.

The Policyholder, therefore, accepts that the Insurer makes this information available to the Agent in order to facilitate the transfer of information on his/her behalf between the Insured and the Insurer during the claims process and/or provision of medical treatments that the Policyholder and any other Dependents covered under this Policy may receive. The Policyholder, therefore, grants his/her consent to the Insurer, Agent and/or administrator to access this information, acknowledging that the Insurer has no obligation to request his/her consent. On the contrary, the Insured, knowingly and voluntarily, requests granting such access to the information for the Agent and/or administrator in any manner that the Insurer chooses, at its sole discretion.

4.8 NOTIFICATION OF LEGAL SEPARATION OR DIVORCE

In case of legal separation or divorce, the Policyholder must notify the Company within thirty (30) days of the event. The Dependent Spouse or Domestic Partner will have coverage until the end of the Policy year and subsequently the Company will offer his/her own Policy of the same plan and conditions as the previous Policy. The premium of the new Policy must be paid within thirty (30) days of its Effective Date.

4.9 MEDICAL NOTIFICATIONS

The Insured must notify the Company prior to receiving those medical services that require notification or pre-authorization, pursuant to Section 9.1 of this Policy, by calling the telephone number or through the e-mail listed on the back of their ID card. If the Policyholder and/or Insured fail to notify the Company accordingly, they will be responsible for thirty percent (30%) of all covered costs. This penalty will only apply for claims above US$500.

4.10 CLAIMS

Claims or invoices related to expenses covered under this Policy must be submitted to the Company within a period of one hundred and eighty (180) days after the date of service for them to be eligible for coverage.

Claims or invoices received after the aforementioned deadline, will not have

coverage, even if they would have been authorized or the charges were payable under this Policy.

4.11 MEDICAL RECORDS

The Policyholder, because of the underwriting and/or claims process, must provide the Company with all the medical information required. Additionally, the Policyholder, as well as his/her Dependents, must authorize the Company to obtain any medical report, documentation and/or access to the patient in case deemed necessary to complete the underwriting or claim process, as the case may be. Otherwise, the claim could be denied until the necessary information and authorizations are received.

4.12 COVERAGE UNDER ANOTHER INSURANCE/COORDINATION OF BENEFITS

If another health insurance has been contracted, including government-sponsored programs, these should be declared at the time of purchase or when the original Application is completed. In the event of a claim, a verification of coverage and a copy of the itemized invoices must be submitted, along with the settlement of the expenses paid by the other insurer (Explanation of Benefits).

The coverage under this Policy will act as secondary to any other Policy or healthcare plan. The Company will provide benefits after the claims have been submitted to the primary insurance plan first, and only when benefits payable under the primary Policy have been satisfied. When filing a claim subject to coordination of benefits, proof of the other insurance coverage must be submitted along with copies of the medical records, the itemized invoices, Explanation of Benefits (EOB) of the primary insurer, as well as proof of the payments made by the other insurance company.

The total amount of payments is not to exceed the total of the expenses incurred; the Company shall not pay any amount reimbursed by the other company.

4.13 CANCELLATION OR NON-RENEWAL OF THE POLICY OR OF AN INSURED CERTIFICATE OF COVERAGE

The Insurer, at its sole discretion, may modify, cancel, not renew, or terminate this Policy, or modify the rates thereof, when any of the following conditions are present:

A. The information disclosed in the Application is false, incomplete or when fraud has been committed, any of which may have caused the Company to approve the Policy when, had the Company been provided with the correct information, it would have issued the Policy under certain conditions or would have deemed that the Applicant was a non-insurable person;

B. The Policyholder requests the cancellation of the coverage in writing or doesn’t pay the premium as stipulated in this Policy;

C. The Insured submits a claim or information deemed fraudulent by the

Company. In the event of such fraud, the Insured shall be responsible and will have to reimburse the Company for any payments made in reference to the claim in question, whether the payment was made in the form of a reimbursement to the Insured or directly to the Provider;

D. The marital status of the Policyholder changes due to divorce or separation in case of Domestic Partners. The Insured should notify the Company within thirty (30) days of the date of the divorce or separation. Coverage for the Dependent Spouse will cease at the end of the Policy year;

E. The Insured lives in a country that is under embargo or sanctioned by the Office of Foreign Assets Control (OFAC) in the United States or similar entities in the European Union and the United Kingdom, or if an Insured is in any of the lists of persons sanctioned by OFAC or similar entities or asset control agencies in other jurisdictions; or

F. The Insured spends more than one hundred and eighty-three (183) days out of a three hundred and sixty-five (365) day period in the United States or any of its territories.

The early cancellation of the Policy shall be without prejudice to the rights of the Insured. The Insurer will only be responsible for the payments of covered expenses under the terms of this Policy, incurred prior to the cancellation date. Any treatment incurred after the cancellation date of the Policy will not be covered regardless of when the Illness or Accident first appeared, or if any additional treatment is required.

A Contracting Party may request the cancellation of a Member's Certificate of Coverage in writing with at least 15 days' notice. The Insurer reserves the right to request documentation verifying the reason for termination, which may include but is not limited to:

- The Member is no longer employed by the Contracting Party or no longer meets the Community Plan and Associated Persons definitions.
- The Member relocates to a country where they can no longer use the plan.

4.14 FRAUD

If, in case of fraud or deceit, any of the Insureds try to or obtain benefits for him or herself or for another person that otherwise would not have been paid, the Policy will be automatically cancelled by the Insurer. In this sense, the existence of fraud will result in the Policyholder and his/her Dependents to automatically lose all rights of coverage under this Policy. Additionally, in the event of fraud, the Policyholder will be immediately liable to the Insurer for all payments made improperly by the Company to the Insured or directly to the Provider of any benefits under this Policy. In these cases, there will be no right of reimbursement of the unearned premium of the Policy.

4.15 CHANGE OF PLAN

A. Policy Cancellations: Mid-year cancellations are not permitted unless a qualifying life event occurs. The following are considered qualifying life events:

- Change of employment
- Relocation outside of the 175+ countries of coverage
- Change in relationship status

B. Plan Changes: Mid-year plan changes are not allowed, even if no claims have been submitted.

As a general rule, any change with an improvement of benefits, will be subject to a waiting period.

If the new plan includes maternity care benefits, a ten (10)-month Waiting Period will apply.

The benefits that did not exist in the previous plan must meet the corresponding Waiting Periods.

The Company reserves the right to accept or deny the change of plan for any reason.

4.16 COVERAGE FOR PRE-EXISTING CONDITIONS

The Pre-existing medical Conditions disclosed in the Application may receive coverage, unless they are limited or permanently excluded by the Company through an Amendment included in the Certificate of Coverage.

Pre-existing Conditions that were not declared will not be covered, and omission of declaration may lead to the modification, rescission or cancelation of the Policy. The Company, at its sole discretion, may modify, rescind, cancel, or not renew the Policy due to the omission of a Pre-existing Condition.

4.17 MEDICAL UNDERWRITING AT POLICY RENEWAL

Upon renewal, the insurer reserves the right to offer a medical underwriting to review the full exclusion and or only excludes specific conditions.

The insured must complete an application and submit up to date medical records within the last thirty (30) days before the end of the annual policy term. Submitting this medical application to the insurer does not guarantee that the coverage will be modified, or exclusions will be removed, as it depends on the insurer’s evaluation of the application.

SECTION 5

Rates and premium payments

5.1 PREMIUM PAYMENT MODE

This Policy is considered an annual Policy. The premium can be paid annually or monthly (with a ten percent (10%) increase). Changes in payment mode will be made only on the Policy Anniversary Date.

5.2 GRACE PERIOD

The Company grants a thirty (30)-day Grace Period to pay the annual renewal premium of the Policy, which begins the day after the Expiration Date of the Policy, according to the selected payment mode. If the premium is not paid within the Grace Period, the Insurer will terminate the Policy at 23:59 on the last day for which the premium had been paid. If the full premium is not received by the Company before the Grace Period ends, this Policy shall be deemed expired as of its Expiration Date. During the Grace Period, no benefits or payments will be provided for expenses incurred after the Expiration Date. If the premium is paid during this period, the Policy will be renewed.

5.3 PREMIUM PAYMENT

The on-time payment of the premium is the responsibility of the Policyholder. The premium is payable on the Renewal Date of the Policy. Payment of the premium keeps the Policy current for the time such payment corresponds. The premium paid in excess will not grant additional responsibility for such excess, but only and exclusively to the refund of such premium paid in excess, without interest. The difference will be refunded by the Insurer in the same form of payment in which it was received. Partial or incomplete payments of the overdue premium will not renew the Policy, and its benefits will not be available.

Failure to pay the premium within the agreed period, or at the time when it becomes due, will entitle the Insurer to unilaterally and fully void this Policy as hereby established.

5.4 PAYMENT NOTICES

The premium is payable on the Expiration Date of the Policy. Renewal notices are issued as a courtesy and the Company does not guarantee delivery. If the Policyholder does not receive a payment notice thirty (30) days before the Expiration Date, and the Policyholder does not know the premium amount, he/she must contact the Agent or the Insurer. The collection efforts of the premium made by the Insurer does not imply the resignation of the Company of its right to terminate this Policy for lack of payment.

Failure to pay the renewal premium on or before the Expiration Date will be interpreted as the expressed will of the Policyholder to not renew this Policy.

5.5 RATE CHANGES

The Insurer reserves the right to change the premium rates on the date of each anniversary of this Policy, according to the inflation of medical costs.

5.6 PREMIUM REIMBURSEMENT

If the Insurer cancels or rescinds the Policy, the Insurer will reimburse the unearned portion of the corresponding premium to said Insured, following provision 1.1.

If the Policyholder requests the cancellation of the Policy to the Insurer, or the latter cancels the Policy for any reason other than fraud, the Insurer will reimburse the unearned portion of the premium to the Policyholder, up to a maximum of sixty-five (65%) of the premium.

SECTION 6

Benefits and provisions

Unless stated otherwise, benefits are offered per Insured, per Policy year. All amounts are expressed in US dollars (USD). The benefits are limited to the medical expenses that are covered under the Policy, and are subject to the Usual, Customary and Reasonable (UCR) costs for the geographical area where the expenses were incurred.

6.1 GEOGRAPHICAL COVERAGE

This plan provides coverage with free choice of Hospitals and Doctors worldwide (require US/HK/SG Add-on); or worldwide, excluding the United States of America, Hong Kong and Singapore (default coverage), subject to the geographical area of coverage chosen at the time of the application and what is specified on the Insured's Certificate of Coverage.

6.2 STANDARD PRIVATE HOSPITAL ROOM

The coverage for room and board during the Hospitalization of an Insured in a Private Standard Room is one hundred percent (100%) UCR.

6.3 INTENSIVE CARE UNIT

The coverage for the treatment of an Insured in an intensive care unit is one hundred percent (100%) UCR.

6.4 SURGEON, ASSISTING SURGEON AND ANESTHESIOLOGIST FEES

Surgeon, Assisting Surgeon and Anesthesiologist Fees are covered based on the Usual, Customary and Reasonable (UCR) charges for the particular procedure(s) of the case, or based on special rates established or contracted in advance by the Company for the geographic area, country or specific Provider in which the Insured receives such services.

6.5 ONCOLOGY

Coverage for tests, treatments (chemotherapy and/or radiotherapy), and oncology medications, for both inpatients and outpatients, is 100% UCR.

Gene therapies for the treatment of cancer will be covered in accordance with the Gene Therapy Section of this Policy.

6.6 ORGAN AND TISSUE TRANSPLANT

The coverage for this benefit is one hundred percent (100%) UCR, including:

A. The benefit of up to fifty thousand dollars (US$50,000) for medical expenses related to the Live Donor;

B. Every pre-Transplant care, which includes those services directly related to the evaluation that established the need for the Transplant, the evaluation of the Insured to receive the Transplant procedure, and the preparation and stabilization of the Insured for said procedure;

C. Every pre-surgery exam, including laboratory exams, X-rays, CT scans, MRIs, ultrasounds, biopsies, Prescription Medication and supplies;

D. The cost of obtaining the organ and tissues, its harvesting and transportation, and the medical expenses of the Donor;

E. The procedure to Transplant the organ;

F. The coverage of an artificial heart, or mono or bi-ventricular devices to allow the patient to be viable until he/she receives the final Transplant;

G. Every post-Transplant care directly related to the Transplant including, but not limited to any follow up, any Medically Necessary treatment resulting from the Transplant, and any complication that may arise after the Transplant, whether it may be a direct or indirect consequence of the procedure; and

H. Any Medication or therapeutic measure used to ensure the viability and permanence of the Transplanted organ.

The following requirements are indispensable for this Transplant coverage:

A. It is Medically Necessary;

B. It is not considered elective, Experimental or Investigative;

C. No other procedures and/or treatments are available that will lead to the same level of results and care to treat the medical condition or Illness that caused the need for the Transplant;

D. It is not originated as a result of a Transplant where the receiver obtains a mechanical artifact or artificial equipment aimed to replace human organs, or when the organ to be Transplanted is an animal's; and

E. It is not performed due to an initial failed Transplant carried out prior to the Effective Date of this Policy or a non-approved Transplant that was carried out after the Effective Date of this Policy.

The Company must receive a Preauthorization request as soon as it is determined that an Insured is a candidate for a Transplant, so that it can be managed, coordinated, and preauthorized by the Company. To optimize this benefit for the Insured, the Company will recommend the use of special Transplant Providers.

To make use of this benefit, the Insured must authorize the Company to submit all medical documentation related to the Transplant for a VIP® Second Medical Opinion to determine the Medical Necessity and appropriateness thereof.

6.7 CONGENITAL DISORDERS

The benefit for any Congenital Disorder is up to a maximum of twenty-five thousand dollars (US$25,000). This benefit includes gene therapies necessary for the treatment of any congenital or hereditary disease.

This benefit excludes coverage if the diagnostic was prior to the effective date, and conditions and/or consequences resulting from any type of fertility treatment or procedures for assisted fertility that manifest at any age.

6.8 GENE THERAPY

Coverage for Gene Therapies is up to a maximum of one million dollars (US$1,000,000) per Insured, per Policy Year, for medical treatments that use genes to treat various diseases, including, but not limited to, Somatic Gene Therapy, in vivo Gene Therapy, and ex vivo Gene Therapy (CAR T cells), among others.

This benefit is offered through the Company's Gene Therapy Providers to optimize the benefit to the Insured and must be coordinated and pre-approved by the Company. Coverage is limited to therapies approved by the U.S. Food and Drug Administration (FDA) as of July 1, 2025.

Gene Therapies for Congenital and/or Hereditary Conditions will be covered in accordance with the conditions set forth in the Congenital and/or Hereditary Conditions section of this Policy.

6.9 HUMAN IMMUNODEFICIENCY VIRUS (HIV) AND ACQUIRED IMMUNODEFICIENCY SYNDROME (AIDS)

The coverage for this benefit is up to a maximum of fifty thousand dollars (US$50,000) per Insured, per Policy Year.

This coverage is subject to the fact that the Human Immunodeficiency Virus's antibodies or the AIDS virus has not been detected before the Effective Date of the Policy nor in the first thirty-six (36) months from the Effective Date of this Policy, and/or when is a result of a proven occupational Accident (such as being a member of an Emergency services, medical or dental practitioner where the Insured may have contracted the infection accidentally while carrying out normal duties) or a blood transfusion when received as inpatient as part of a Medically Necessary treatment. This benefit includes pre and post diagnosis consultations, routine check-ups for this condition, Medication and dressings

(except experimental or those unproven), Hospital accommodations and nursing fees. This benefit must be coordinated and approved in advance by the Company.

6.10 ADULT COMPANION ACCOMMODATION EXPENSES OF A HOSPITALIZED INSURED

The coverage for adult companion accommodation of a Hospitalized Insured Dependent under the age of eighteen (18) is one hundred percent (100%) UCR.

Charges must be included in the Hospital bill for overnight Hospital accommodation of a Hospitalized Insured.

If the room cost includes companion accommodation, this benefit will not apply and it is not transferable to any other expense related to the companion or the Hospitalization.

6.11 RECONSTRUCTIVE SURGERY AND NASAL OR SEPTUM DEFORMITY

The reconstructive surgery shall be covered at one hundred percent (100%) UCR if and when it is Medically Necessary and as the result of a medical condition covered by this Policy. In the case of treatment provided for nasal malformations or of the septum, coverage will be provided if caused by trauma received during an Accident covered by the Policy or due to the treatment of nasal cancer. The Usual, Customary and Reasonable amount for a service, treatment, or provisions will be determined by the Company based on special rates established or contracted in advance by the Company for the geographic area, country or specific Provider with whom the Insured receives such services. In some cases, the UCR amount will be determined by direct contracts between the Providers and the Company.

Benefits covered at one hundred percent (100%) are subject to Usual, Customary and Reasonable costs. It should not be understood that they will be covered for the total amount of the invoice submitted.

Waiting Period: A period of time defined by the Company during which the coverage of some benefits is excluded.

SECTION 9

Management of the policy

9.1 NOTIFICATIONS AND/OR PRE-AUTHORIZATIONS

It is recommended that the Insured notifies the Company when receiving medical treatment, be it in the Hospital or as an outpatient. This will give the Company the opportunity to verify the terms and conditions in which the treatment will be covered, as well as improve and maximize the level of coverage available to the Insured, make suggestions about the best places for his/her care, provide logistical support and, whenever possible, make arrangements to establish direct payment to the Hospital or Doctor of choice, thereby reducing the possibility that the Insured will have to incur an unexpected or excessive out-of-pocket expense.

In order to guarantee direct payment and the coordination of benefits, notification is required. Therefore, the Insured must notify the Company in advance and obtain the necessary authorizations for any of the following benefits:

A. All Hospital admissions;

B. All Hospital or outpatient surgeries;

C. Any major procedures, such as MRIs, CT scans, PET scans, gastroscopies, colonoscopies, biopsies, etc.;

D. Physical and rehabilitative therapy, home health care or Private Nurse or Therapist;

E. Nasal or reconstructive surgery;

F. Emergency transportation by Air Ambulance;

G. Durable Medical Equipment or any special medical device;

H. Physiotherapy or complementary therapy after ten (10) sessions;

I. Repatriation or cremation of mortal remains, whereby a notification must be made on behalf of the Insured;

J. Any medical service or acquisition of specialized medications, such as those related to the Human Immunodeficiency Virus (HIV) or Acquired Immunodeficiency Syndrome (AIDS);

K. Organ and tissue transplants, bone marrow transplants, stem cell transplants, and any other similar procedures;

L. Surgery to reduce the risk of cancer or prophylactic surgery;

M. Oncological treatment;

N. Gene therapies;

O. Long-term care / inpatient rehabilitation; and

P. Dialysis.

To obtain services, a Prior Authorization request must be submitted to the Company at least five (5) business days prior to the scheduled date of the procedure or treatment, unless the services constitute medically justified Emergencies. The Company must also be given notice of all medical Emergencies that require notification within seventy-two (72) hours after the event that caused the Emergency. If the Policyholder and/or the Insureds fail to notify the Company accordingly, they shall then be responsible for thirty percent (30%) of all covered costs.

All notices and other necessary communication between the parties will be sent in writing by mail or electronic means of communication and will be considered valid with the receipt confirmation of the information by the recipient. In case of notifications sent by other means of communication, a confirmation receipt of the information sent via email will be required indicating the date of reception.

In case of Emergency or any questions related to the provision of the services, the Company has the following contact information available for its Insured:

Email address: rhnotify@safetywing.com

Phone number: +1.214.276.6376

9.2 CLAIMS

The Company, in most cases, will make payments directly to physicians and Hospitals worldwide in legal currency for covered expenses, pursuant to the terms and conditions of the Policy. When this is not possible, the Company will reimburse the covered costs to the Insured in accordance with the applicable Usual, Customary and Reasonable (UCR) fees or the contracted rates between the Company and the Provider.

In no case will the compensation amount exceed the amount billed. If the Insured receives compensation that exceeds the invoice amount by mistake, the Insured will be obligated to immediately return the excess amount to the Company, or the Company will deduct the outstanding balance from any other amount pending to settle with the Insured.

The Company shall receive all medical and non-medical information required. In order for the claims process to begin, the Company must receive the following information:

A. Claim Form duly completed;

B. All itemized bills from the Provider detailing the services rendered, along with proof of payment;

C. A recent medical history or any other medical information that the Company may consider pertinent;

D. For pharmacy expenses, a copy of the medical prescription;

E. In the event of an Accident, the Insured must submit all information related to said Accident, as well as the circumstances surrounding it, pursuant to what is required by the Company. This includes, but is not limited to Accident reports, police reports or others, when issued by the pertinent authorities or any other information available from any other third parties involved in the matter;

F. Declare any other medical insurance coverage the Insured may have when submitting a claim.

When simultaneously submitting multiple claims for reimbursement from different Insureds, the expenses for each Insured, Accident, Illness and/or Provider must be divided into single Insureds and events. Once the claim process has been initiated, the Insured must send all the information requested by the Company to complete the process in a period of no longer than ninety (90) days from the first request by the Company. Once this period has elapsed without receiving the requested information, the claim will not proceed and the Company will be relieved of any obligation.

Once the complete information is submitted, the turnaround time for reimbursement to the Insured will be fifteen (15) business days.

If the information provided should be considered inadequate or is incomplete, it may create a delay in the payment or reimbursement process, or it may cause the claim to be temporarily closed until the necessary information is received within the stipulated time limit. The Company reserves the right to request the original receipts, medical records and/or any other relevant documentation in order to process the claim. The Company will not return original documentation received to process a claim; however, it may offer a copy of such documentation when requested. In the event that a claim that should have been denied because coverage was excluded from the Policy has been paid in error, the Company will not be obligated to continue paying for the expenses of treatments or services related to such claim from the date of the identification of the error, and may request the reimbursement of the amounts unduly paid.

The Company will not be responsible for any fees charged by the receiving bank, such as commissions for currency exchange or for incoming wire transfers. These charges will be the responsibility of the recipient of the payment.

9.3 CLAIMS APPEALS

In the event of any disagreement between the Insured and the Company regarding a claim or administrative decision, before any other action is taken, the Insured must begin an appeal about the claim or decision to the Company's Appeals Department for review and analysis. The appeal must be submitted within a

period of no more than thirty (30) days from the date the administrative decision on a claim was made.

The Insured must submit a letter appealing the claim to appeals@safetywing.com. Said letter must include all relevant information, as well as copies of all documents considered necessary to re-evaluate the decision made.

The Company's Appeals Department will review in detail the arguments and information provided and will notify its decision to the Insured in writing within thirty (30) days following receipt of the appeal letter along with all pertinent information and/or documentation. During the process, the Company's Claims Department will have the right to request additional information or documentation from the Insured or the Providers, third parties or entities, if deemed necessary, to accurately evaluate the arguments of the appeal. The Insured understands that a request for additional information may delay the response beyond the maximum period of thirty (30) days established in this Policy.

Second instance of appeal

Once the Claims Department has notified the Insured of its decision, the Insured will have the opportunity to express his/her opposition to that decision within ten (10) days from the date of the notification. If the Insured has new documentation, he/she may request a second and final review of the case. The Company must respond to this second request within the next fifteen (15) business days. The decision in this last instance will be final and not subject to appeal.

9.4 ARBITRATION AND LEGAL ACTIONS

Any dispute, controversy or claim arising out of or relating to this contract, including the formation, interpretation, breach or termination thereof, including whether the claims asserted are arbitrable, will be referred to and finally determined by arbitration in accordance with the JAMS International Arbitration Rules.

The place of arbitration will be in Miami, Florida. The language to be used in the arbitral proceedings will be English. Each party will bear its own fees and costs (including all Arbitration Costs, as that term is used in the JAMS International Arbitration Rules) incurred in connection with any dispute subject to this provision. Judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction thereof.

Governing law

This agreement shall be governed by and construed in accordance with the law of Florida, excluding Florida's choice of law rules.

WAIVER OF JURY TRIAL

THE PARTIES HEREBY KNOWINGLY, INTENTIONALLY AND IRREVOCABLY WAIVE ANY AND ALL RIGHT TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING

DIRECTLY OR INDIRECTLY ARISING OUT OF OR IN ANY WAY RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREIN.

9.5 SUBROGATION AND INDEMNITY

The Company has the right of subrogation or reimbursement of payments made if the Insured has recovered all or part of said payments from a third party.

The Company will subrogate up to the amount paid, under all its rights and actions, against third parties that, due to the damage suffered, the Insured is entitled to. The Policyholder shall have the obligation to cooperate with the Company to recover from the damage caused by third parties or to obtain reimbursement of the expenses covered by it.

Failure to comply with this obligation entitles the Company to consider cancelling this Policy. The required cooperation includes, but is not limited to providing all relevant documentation or testimonial evidence and undergoing medical examinations, if necessary. The Company may make any claim on his/her behalf, before or after having made payments for expenses covered under this Policy.

The Policyholder must refrain from taking any action, reconciling or accepting agreements that may adversely affect the Company's subrogation rights in accordance with the provisions of this article. Any claim action initiated by the Insured in relation to damages that were covered by this Policy must be notified immediately to the Company, in order to assert its subrogation rights on any payment related to the expenses covered by the incident that originates the claims.

9.6 ASSIGNMENT AND SUBCONTRACTING

The Company may not assign this Contract, nor the credits, rights, and obligations arising therefrom, nor subcontract the provision of the services in whole or in part, without the prior and express written authorization of the Contracting Party. The Contracting Party may assign this Contract to its successors, assignees, legal successors, and/or to any company in general, without requiring any consent from the Company, by means of a simple written notice. Even when the Contracting Party authorizes partial subcontracting, the Company shall remain liable to the Contracting Party for the acts of the subcontractor, as if such acts had been performed by the Company itself.

SECTION 10

Language

English is the prevailing language in case of any discrepancy with the provisions of this Policy. Other languages may be used at the request of the Contracting Party in all communications, reports, correspondence, specifications and calculations of the Company, as well as in the invoices presented to the Contracting Party.

SECTION 11

Agreement

This contract constitutes and encompasses a complete agreement regarding matters or concerns regulated herein, and will prevail or revoke any previous agreements between the parties related to the service, either verbal or written, implied or explicit.

SECTION 12

Amendments

In the event of any conflict between this contract, its appendices and/or addenda, the provisions contained in the corresponding appendix and/or addendum will prevail, as long as they are not inconsistent with the provisions contained in this contract in terms of liability.

Data Protection

Data Collection and Use: We are committed to protecting the privacy of all individuals whose personal data we collect, use, and process during our business activities. We collect personal data only to the extent necessary for the specific purpose for which it is processed, and we ensure that such data is accurate, up-to-date, and relevant.

Confidentiality and Security: We maintain appropriate technical and organizational measures to protect the confidentiality, integrity, and availability of personal data we collect, use, and process. We limit access to personal data to authorized personnel who have a legitimate business need to access it. We ensure that our third-party service providers who process personal data on our behalf also have appropriate technical and organizational measures in place.

Data Transfers: We ensure that personal data is only transferred to third parties who provide an adequate level of protection for such data, in accordance with applicable data protection laws and regulations.

Monitoring and Review: We regularly monitor and review our data protection practices to ensure that they remain up-to-date and effective. We provide training and education to our employees on data protection matters to ensure that they are aware of their responsibilities and obligations.
